

REMARKS

Claims 5, 9, 22-29 and 32-34 are in this application and are presented for consideration. Claims 29 and 32 have been amended, and new claims 33 and 34 have been added.

The claims have been amended to address the Examiner's rejections and to place the application in better form. The claims have also been amended in accordance with the Examiner's indication of allowable subject matter. Applicant thanks the Examiner for the careful reading of this application and indicating allowable subject matter.

Independent claim 29 has been amended to include the features of claim 21. The Office Action has indicated that the features of claim 21 define over the prior art. It is Applicant's position that independent claim 29 and its dependent claims are now allowable.

With this Amendment new independent claim 33 has been added which includes the features of claims 29, 30 and 31. The Office Action indicates that such a combination of features defines over the prior art. It is Applicant's position that new claim 33 should now also be in condition for allowance.

With this Amendment new independent claim 34 has been added which includes the features of claims 29, 30 and 10. The Office Action indicates that such a combination of features defines over the prior art. It is Applicant's position that new claim 34 should now also be in condition for allowance.

It is applicant's position that this amendment modifies the present application according to the indicated allowable subject matter. This application should now be in conformance with US Patent regulations and applicant respectfully requests that this application be passed to

issuance.

Applicant again thanks the Examiner for indicating allowable subject matter. If the Examiner has any comments or suggestions which would further favorable prosecution of this application, the Examiner is invited to contact applicant's representative by telephone to discuss possible changes.

Favorable action on the merits of this application is respectfully requested.

Respectfully submitted
for Applicant,
